Subcommittee on Exploitation of Foreign  
Language Publications  
Chief, Requirements Branch, OCI

Exploitation of Eastern Europe

1. OCI desires to submit the following comments on the subject exploitation program as outlined by FDD:

- a. Political - OCI approves the proposed modifications and is pleased to note the addition of the new category "Activities of Satellite Leaders." We believe that the proposed new category "Trends" will be particularly useful and valuable to us. We further believe that FDD's exploitation of provincial press particularly should not be discontinued.
- b. Economic - OCI has no objections to the proposed modifications or possible changes nor any suggestions for other modifications. It is possible that the new category "Trends" will provide material of direct use to OCI. We recognize ORR's primary interest and request that our comments do not prejudice whatever comments ORR may make on this subject.
- c. Military - OCI is pleased with FDD's exploitation and approves the proposed extended coverage.

2. Please refer any questions on the above to [REDACTED]  
ext. 2398.
